**Our speaker
last week**

**Peter
Stratmoen**

Peter gave us a visual tour of Jerusalem and Bethlehem that he produced on a trip to Israel for the wedding of a friend.

His presentation displayed his professional photography as he traveled to storied places such as the Church of the Nativity, Church of St. Joseph in Bethlehem and then to visit the City of Jerusalem to see the Golden Gate, Garden of Gethsemane, the Wailing Wall and the River Jordan.

He indicated that he felt very safe in Jerusalem and the people are very hospitable.

The lighting of his pictures gave indication of a true professional photographer.
