**Meeting at Richfield Schools Cafeteria 401 West 70<sup>th</sup> St**

**This week: William "BOTS" Botsford PYROGRAPHY  
The Art of Woodburning**

---

Last week on Thursday we toured the Richfield Water Plant, along with friends from Bloomington Optimists.. The plant was built in 1962 and still processes over 6 million gallons per day. Below are some of the sites as we viewed the operation.

The early birds enjoyed coffee & donuts before the tour

The big green 26 inch pipe is bringing in raw water from the wells.

Safety of our water supply is important and is under surveillance 24 hrs a day

Some of the filtration system the water goes through before it is finished for use.
